

**Stafford Pharmacy & Home Healthcare,
Lethbridge, Alberta**

We NEED Pharmacy Technicians!

Qualified Pharmacy Technician

If you are looking to build or advance your career as a Pharmacy Technician, you need the type of experience you will receive at Stafford Pharmacy & Home Healthcare. We are a community pharmacy, located in Lethbridge, Alberta, with a particular focus on customized compounding for both human and animal patients. We are expanding our technical staffing to meet the growing needs of the community.

The position involves the full spectrum of technical duties from accepting prescriptions from clients; filling prescriptions; compliance packaging; maintaining drug inventories, which includes ordering and drug file maintenance; customer service and assisting other technical staff in the management of a busy dispensary.

The position requires that applicants be graduates of a recognized pharmacy technical program, which would have included community and hospital practicum. Programs such as but not limited to those offered by Red Deer College, Norquest College, Robertson's College, to name a few. Only qualified Candidates need apply.

Although experience in a compounding pharmacy would certainly be an asset it is **not** a pre-requisite. The willingness to learn, the ability to be organized and to work efficiently however, is important however. Must work well within a team and enjoy helping people. Good verbal communication skills are very important.

This position is available immediately. Wages and benefits are very competitive and are dependent on qualifications and experience. You must have the educational background described above; orientation to a community practice focused on customized dosage forms will be provided.
